

Cora Studio × 360

Websites, content and local growth

Service capabilities

Our own business demo

Aruba and remote work by agreed scope

Five ways we can help

We agree the deliverable and the route to approval before work starts.

Websites

Pages that explain your services and give visitors a contact route.

Business research

A defined research brief, source links and a reviewable findings file.

Ad creative

Creative built from approved facts and assets. Media spend is separate.

Presentations

Clearer layouts for client-supplied slides, with editable files.

Local search

Business profiles, useful pages and measurement around real services.

Website launch prices

50% launch offer for new Aruba business bookings

Website	Launch price, USD	Standard price, USD
Launch page	\$950	\$1,900
Complete site	\$2,450	\$4,900
Signature build	From \$6,250	From \$12,500

Every website includes an AI concierge.

We confirm the scope and concierge operating terms in writing.

Book by 31 Dec 2026, 23:59 Aruba time (UTC-4). Photography, video and third-party costs are separate.

Monthly growth and the bundle

Introductory monthly prices for the first 3 months

Monthly plan	First 3 months, USD	Then, USD / month
Local base	\$325 / month	\$650
Local growth	\$700 / month	\$1,400
Full demand	\$1,400 / month	\$2,800

Website + 3 months of Local growth

\$4,200

Bundle total. Standard \$8,400. Save \$350 versus \$4,550 for the separate launch packages.

Monthly plans cancel any month. New Aruba bookings through 31 Dec 2026, 23:59 (UTC-4).
Written scope required. Ad spend, third-party costs, photography and video are separate.

Presentation clean-up

A refresh for a deck you already have

\$149

USD total

10 client-supplied slides

Layout, spacing, typography and consistency
One consolidated revision round
Editable PowerPoint and PDF

Target: 2 business days after complete, approved input and acceptance of the quote.

You supply the approved content and assets. New research, copywriting, extra slides and complex animation need a separate scope.
